

When you come along to our free *Kids and Traffic* professional development workshops and visit our website, we:

- Help you make road safety education fun for
    - o educators to deliver,
    - o children to learn, and
    - o families to share
  - Share new ideas on how you can use the *Kids and Traffic* resources with children
  - Suggest useful resources to help you promote road safety messages
  - Help you plan, implement and evaluate a road safety education program
  - Suggest new ways of sharing the *Kids and Traffic* Key Road Safety Messages with families
  - Help you develop or review your road safety policies to include driveway safety, passenger safety, pedestrian safety, safe play, safe arrivals and departures and safe excursions
  - Suggest ways you can meet your Work Health and Safety responsibilities and the requirements of the National Quality Framework
  - Keep you up to date with early childhood road safety
- Answer questions that educators, staff, families or management may have about road safety for children

## We can also

- Help you reduce the incidence of driveway runovers for your families and others in your community. Call us to borrow the *Kids and Traffic* interactive Driveway Safety Display Kit
- Include your great ideas and suggestions in our *Kids and Traffic* Gazette or website
- Send you order forms for free *Kids and Traffic* road safety education resources and for resources you can buy
